INTERNSHIPS at Temple’s School of Podiatric Medicine (TUSPM) can offer eye-opening and career-steering opportunities for students interested in pursuing health care professions. From primary care to surgical interventions, a wide variety of clinical services are experienced through our internships. Students looking to serve diverse patient populations involving patient interaction and who are considering careers in sports medicine, surgery, orthopedics and wound care should consider our winter and summer programs.

INQUIRIES AND QUESTIONS regarding our winter and summer internship programs can be directed to TUSPM’s Office of Student Affairs.

WINTER & SUMMER INTERNSHIP PROGRAMS:

**January 5-8, 2020**
**June 5-12, 2020**
OVERVIEW
Interns will attend workshops and seminars on podiatric medicine, as well as shadow and work with podiatric physicians in hospital, private practice and outpatient clinic settings. By collaborating with a TUSPM student-doctor throughout the internship, each student will also develop a podiatric presentation (summer program only).

Workshops and seminars will focus on topics such as
- introduction to podiatric medicine;
- biomechanics and pathomechanics of the foot and ankle;
- foot screening and evaluation; and
- specialties in podiatric medicine (including diabetes, sports injuries, surgery, pediatrics and wound care).

APPLYING
Students applying for internships must have completed 45 credit hours at an undergraduate institution. In addition, they must not have previously applied to a school of podiatric medicine.

DEADLINES
